

# Guidelines for Grantseekers

## District 6630 Grants Committee

### Mission: Active Rotarian participation

All grants of The Rotary Foundation require the active participation of Rotarians. The Rotary Foundation grants support the good work of Rotary clubs within District 6630. Projects flourish with the direct and careful guidance and support of local Rotarians.

### Stewardship:

All grants must display a commitment to stewardship of funds, which reflects the 4-Way Test and responsible fiscal oversight. The Trustees of The Rotary Foundation are highly committed to proper stewardship of grant funds. The Trustees have a fiduciary responsibility to the donors of The Rotary Foundation to see that grant funds are spent as intended. Stewardship includes detailed and committed project planning, submitting complete and accurate applications with documentation, direct Rotarian involvement in the implementation of the project, transparency in all financial transactions, and reporting in an efficient and effective manner.

### Grantmaking:

The Humanitarian Grants Program of The Rotary Foundation provides grants to Rotary clubs and districts to implement humanitarian projects. Grants can range from a few hundred to more than a million dollars. Applications should request the amount that meets the needs of the program, and at a level that is consistent with the organization's capacity and other anticipated or received support. There are several grant types that address different service needs and funding options.

The following grants are available to support these endeavors.

- **District Simplified Grants**: A tool for Rotary districts to support short-term, humanitarian projects that benefit the community.
- **Volunteer Service Grants** (formerly Individual Grants): Subsidize travel of individual or small groups for qualified international humanitarian service in Rotary countries for periods up to 60 days.
- **Matching Grants**: Support international service projects involving Rotary clubs or districts in two or more countries.
- **Health, Hunger, and Humanity Grants (3-H)**: Awarded to fund long-term, self-help, and grassroots development projects which are too large for one club or district to implement on their own.
- **Blane Community Immunization Grants**: Help clubs and districts in the United States address disease immunizations in their local community.
